## PROFILE SUMMARY

I am a creative Frontend Engineer who builds engaging and intuitive applications for the web and mobile devices. Fascinated by technology and driven by curiosity, I specialize in turning creative ideas into responsive, functional, and visually appealing web applications. I thrive on writing clean, efficient code and love bringing designs to life. With a deep commitment to continuous learning, I'm always exploring emerging technologies to enhance user experiences and push the boundaries of what's possible on the web and mobile.
